- **IEEE 1394 (i.e. FireWire)** is a serial bus that is used for connecting digital devices to a computer.
- **IEEE 1394b** is a standard for a serial bus that is used for connecting digital devices to a computer.

[illegible]

The image shows a close-up of a smartphone screen. At the top, the status bar shows the time as 12:58 and battery level at 75%. The email app header is blue with the text '받은 편지함' (Inbox) on the left and icons for search, share, and more options on the right. The email body contains several paragraphs of blurred text. A red rectangular box is drawn around a file attachment. The attachment icon is a PDF symbol, followed by the text 'Security_회익록_6월_2차_190627.PDF - 225 KB'. A white arrow points from the right edge of the frame towards the highlighted file.
